## **Functional Requirements**

### **1. Introduction**

#### **1.1 Purpose**

The TA/LD Management System aims to efficiently manage Teaching Assistants (TAs) and Lab Demonstrators (LDs) in an educational institution. It encompasses User Management, Task Assignment, Managing TAs and LDs, Performance Evaluation, and Attendance Tracking.

#### **1.2 Scope**

The system covers the following modules:

- User Management (Login pages for Admin, Faculty, TA, and LD)
- Task Assignment
- Managing TAs and LDs (Add, Delete, Process Payments, View Faculties, View LD Attendance)
- Performance Evaluation (Feedback provision, View TA tasks in pie chart)
- Attendance Tracking (Marking attendance, View total labs attended, Process payments)

### **2. User Management**

#### **2.1 Login Pages**

- **Admin, Faculty, TA, LD:** Each user type has a dedicated login page where they input their names and IDs to access the system securely.

#### **2.2 Security Measures**

- **Preventing SQL Injection:** The system employs parametrized queries to mitigate the risk of SQL injection. SQL injection is a malicious technique where an attacker can insert malicious SQL code into a query. Parametrized queries ensure that user inputs are treated as parameters rather than executable code, preventing unauthorized access.

### **3. Managing TAs**

#### **3.1 Add/Delete TAs**

- **Admin:** Ability to add or delete Teaching Assistants.

#### **3.2 Process Payment**

- **Admin:** Process payments for TAs.

#### **3.3 View Faculties and Associates**

- **Admin:** View a list of faculties and their associated TAs and LDs.

## **4. Managing LDs**

### **4.1 Add/Delete LDs**

- **Admin:** Ability to add or delete Lab Demonstrators.

### **4.2 View LD Attendance**

- **Admin:** View attendance records of Lab Demonstrators.

### **4.3 Process Payment**

- **Admin:** Process payments for LDs.

## **5. Performance Evaluation**

### **5.1 Feedback Provision**

- **Faculty:** Provide feedback to LDs and TAs.

### **5.2 View TA Tasks in Pie Chart**

- **Admin:** Visualize TA's remaining and completed tasks in a pie chart.

## **6. Task Assignment**

### **6.1 Assign Tasks**

- **Faculty:** Assign tasks to TAs.

## **7. Attendance Tracking**

### **7.1 Mark Attendance**

- **Faculty:** Mark LDs present during lab sessions.

### **7.2 View Labs Attended**

- **Admin:** View the total labs attended by LDs.

### **7.3 Process Payments**

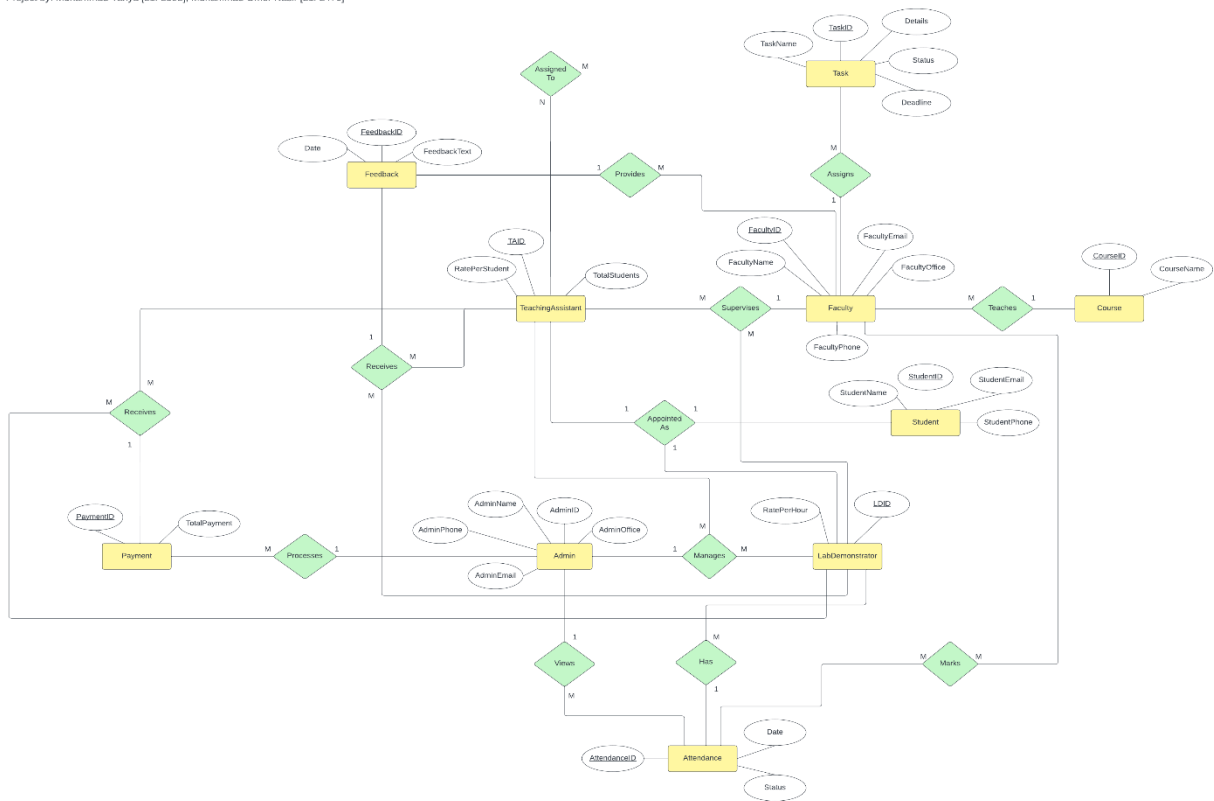

- **Admin:** Process payments for LDs based on attendance.

## **Project Technical Details:**

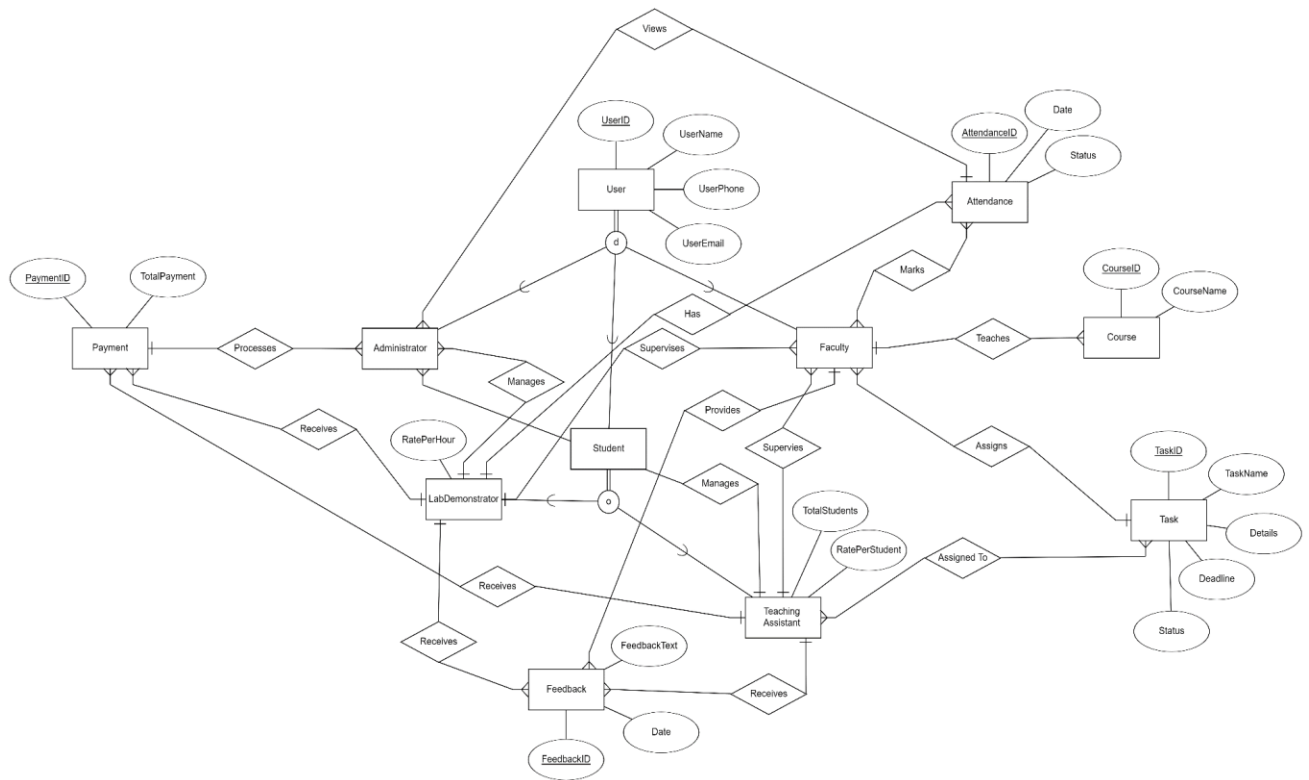

The TA/LD Management System was created using web forms (HTML, CSS, ASP.NET) in Visual Studio 2022. Microsoft Reporting Services were utilized for report generation. To ensure accountability, audit trails were implemented through Log tables and triggers for payment and admin operations.

TA/LD Management System Entity Relation Diagram  
Project by: Muhammad Yahya [211-2592], Muhammad Omer Nasir [211-2476]

## Enhanced Entity Relation Diagram

## Relational Schema

## **Usage Guidelines**

### **1.1 User Roles**

- Admin: Has access to all modules and functionalities.
- Faculty: Manages task assignments, performance evaluations, and attendance tracking.
- TA: Subject to task assignments and performance evaluations.
- LD: Monitors own attendance and performance evaluations.

### **1.2 Login**

1. Open your web browser and navigate to the provided URL.
2. Choose your user type (Admin, Faculty, TA, or LD) on the login page.
3. Enter your name and ID as prompted.
4. Click the "Login" button to access your designated dashboard.

## **2. Managing TAs and LDs**

### **2.1 Adding or Deleting TAs and LDs (Admin)**

- Add TA/LD: Navigate to the Admin Dashboard, select the "Manage TAs" or "Manage LDs" section, and follow the prompts to add a new staff member.
- Delete TA/LD: In the Admin Dashboard, select the respective section, locate the staff member, and choose the delete option.

### **2.2 Processing Payments (Admin)**

- To process payments for TAs or LDs, navigate to the Admin Dashboard, select the "Process Payments" section, and follow the prompts to initiate payment processing.

### **2.3 Viewing Faculties and Associates (Admin)**

- In the Admin Dashboard, select the "View TA and Lab Demonstrators" section to see a list of faculties and their associated TAs and LDs.

### **3. Performance Evaluation**

#### **3.1 Providing Feedback (Faculty)**

- Navigate to the Faculty Dashboard, select the "Provide Feedback" section, and provide feedback to TAs and LDs as required.

#### **3.2 Viewing TA Tasks (Faculty)**

- In the Faculty Dashboard, find the "View TA" section to visualize TAs' remaining and completed tasks through an intuitive pie chart.

### **4. Task Assignment**

#### **4.1 Assigning Tasks (Faculty)**

- Access the Faculty Dashboard, choose the "Assign Task" section, and assign tasks to TAs with the provided tools.

### **5. Attendance Tracking**

#### **5.1 Marking Attendance (Faculty)**

- In the Faculty Dashboard, select the "Mark Attendance" section, mark LDs present during lab sessions, and save the information.

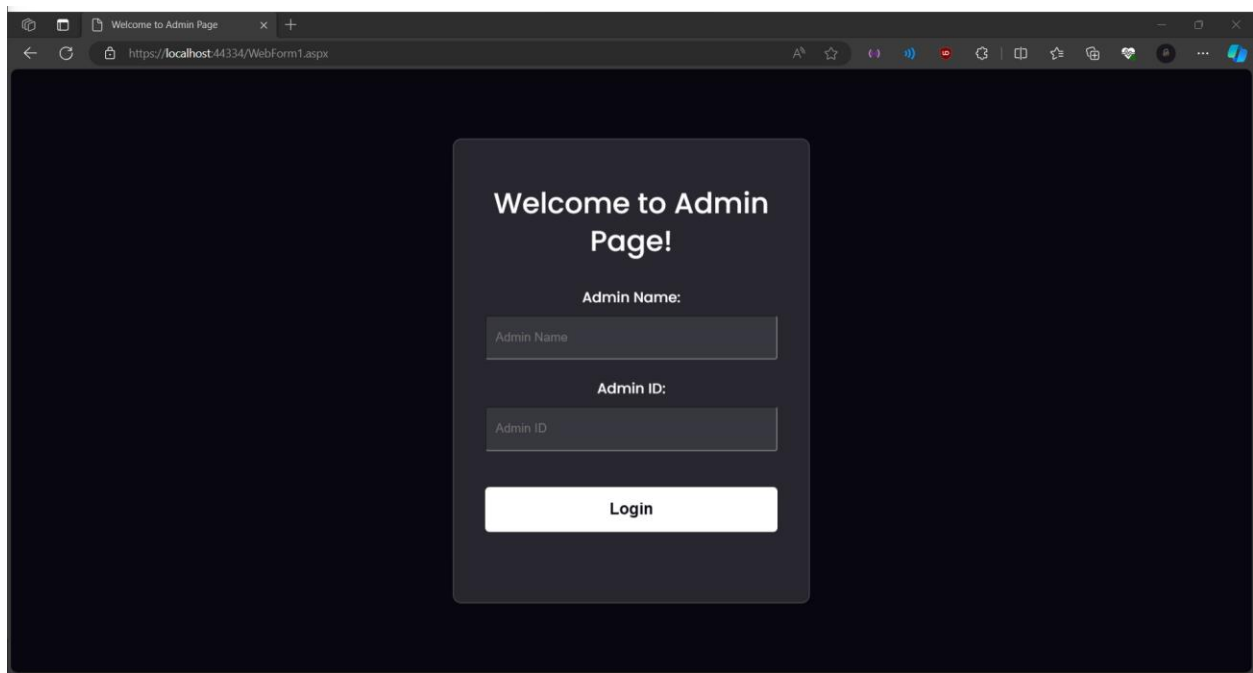

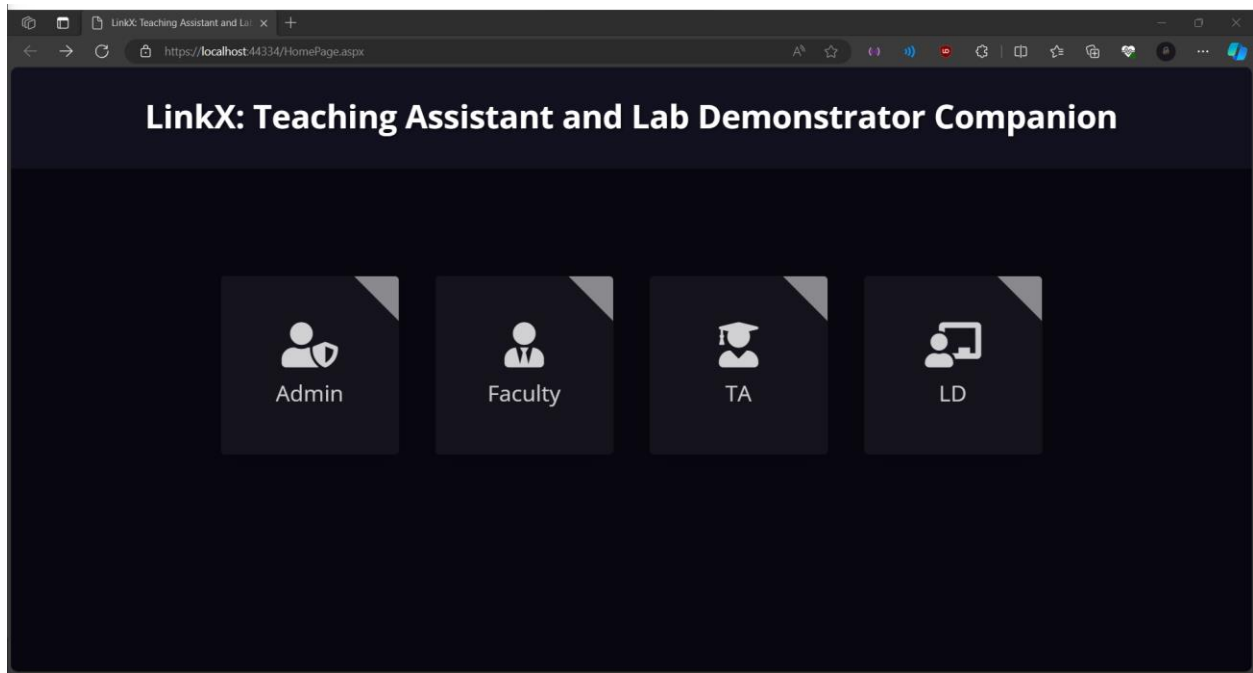

#### **5.2 Viewing Own Attendance (LD)**

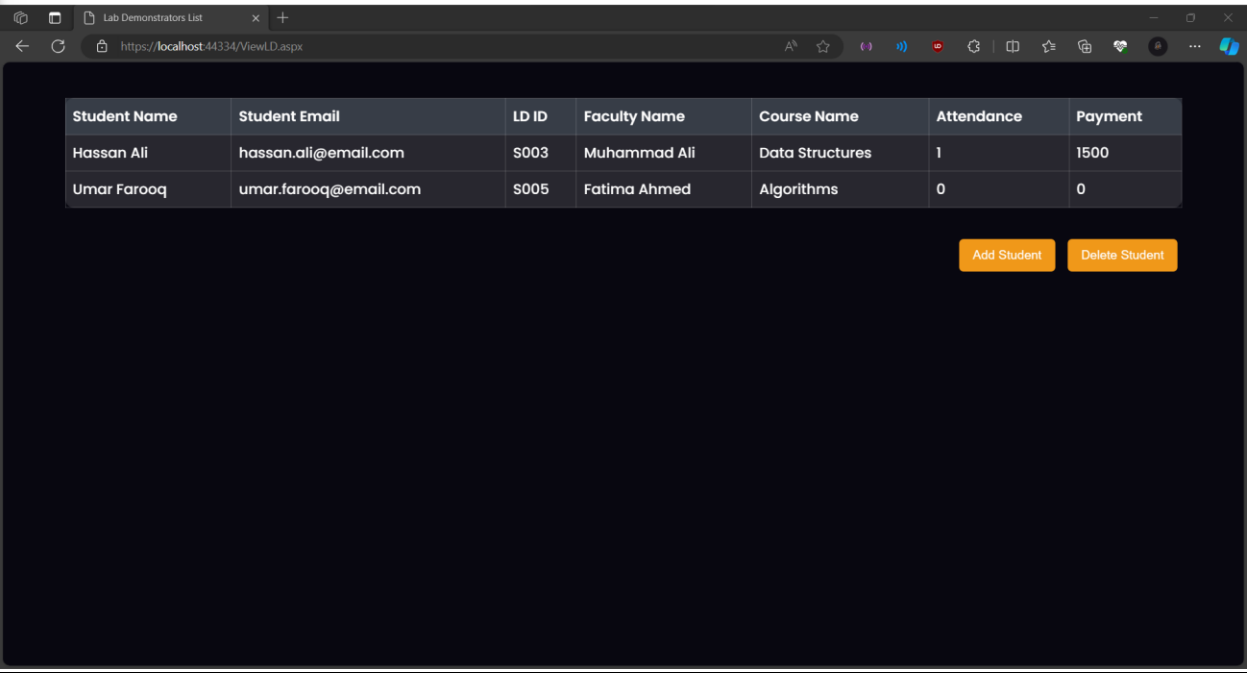

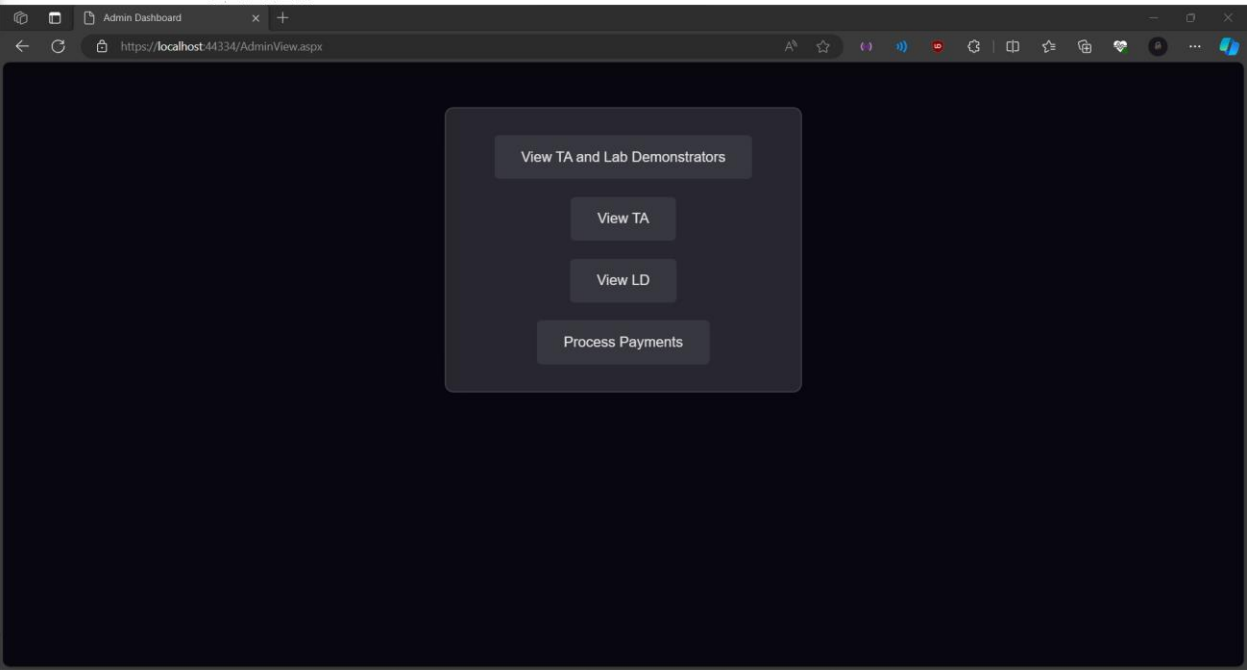

- LDs can view their own attendance records by navigating to the LD Dashboard and Logging in.

#### **5.3 Viewing Labs Attended (Admin)**

- Go to the Admin Dashboard, find the "View LD" section, and view the total labs attended by LDs.
